

## **Florida's Customer Satisfaction Survey For the Workforce Investment Act**

The Florida Customer Satisfaction Survey was created by a workgroup chaired by Labor Market Statistics. It consisted of local Workforce Development Board Executive Directors, local Board Staff, and staff from Workforce Florida Incorporated. Florida's Customer Satisfaction Survey is designed to comply with the Workforce Investment Act of 1998 and to provide Employers, Participants, and Program Operators with a measure of customer satisfaction with services.

In accordance with the WIA, each state must set specific goals for customer satisfaction and negotiate those goals with the U.S. Department of Labor. To gauge the effectiveness of statewide WIA programs and compare customer satisfaction among all 50 states, the U.S. Department of Labor elected to use the American Customer Satisfaction Index (ACSI). **The ACSI is a weighted average of the first three questions of the Florida Customer Satisfaction Survey.**

### **Results**

During the first two months of program year 2001-2002, results from 1,130 Employers, 906 Participants, and 1,966 Labor Exchange Applicants indicate that Florida is meeting its negotiated goals for customer satisfaction. Florida's negotiated goal for Employers is 65.00. The state achieved an American Customer Satisfaction Index for Employers of 71.74. In other words, Florida has exceeded its negotiated index for Employers by 6.74.

The results for Florida's Participants are also encouraging. Florida's negotiated index for participants is 68.00. The state achieved a score of 76.36. In this case, Florida has outperformed its negotiated rate by 8.36.

Results from Labor Exchange Applicants indicate a moderate level of satisfaction with services statewide. Applicants rated services with a score of 68.91.

Scores and comments from Employers indicate that:

- They were less satisfied with services than participants.
- They want referrals screened more thoroughly to match the qualifications they list on their job orders.
- They wish to be contacted within a short amount of time if an office is unable to refer a qualified applicant.

Scores and comments from Participants indicate that:

- They were satisfied with services overall.
- They wished to be more informed of services available to them.
- They did not view all services as helpful in getting a job.

Scores and comments from Labor Exchange Applicants indicate that:

- Many wish to be clearly informed about services.
- Many wish to receive respectful, courteous service from office staff.
- Many do not like long phone message systems. They desire more personal service.
- Many are unfamiliar or uncomfortable with computerized service delivery.

Attached is a year-to-date summary of the mandatory measures. Scores are rated as follows:
